

## CLAIMS

1. An asparagine-linked disialoundecaoligosaccharide-fatty acid amide.

2. An asparagine-linked disialoundecaoligosaccharide-fatty acid amide according to claim 1 wherein the fatty acid is one having 8 to 24 carbon atoms.

3. An asparagine-linked disialoundecaoligosaccharide-fatty acid amide according to claim 2 wherein the fatty acid is one having 10 to 22 carbon atoms.

4. An asparagine-linked disialoundecaoligosaccharide-fatty acid amide according to claim 3 wherein the fatty acid is at least one selected from the group consisting of capric acid, lauric acid, myristic acid, palmitic acid, stearic acid, arachic acid, behenic acid and oleic acid.

5. A composition comprising asparagine-linked disialoundecaoligosaccharide-fatty acid amide of any one of claims 1 to 4, and a pharmaceutical additive.

6. A composition according to claim 5 wherein the pharmaceutical additive is at least one selected from the group consisting of lactose, glycerin, glucose, sucrose and mannitol.

7. A drug containing the asparagine-linked disialoundecaoligosaccharide-fatty acid amide.

8. A drug comprising at least one selected from asparagine-linked disialoundecaoligosaccharide-fatty acid amide and asparagine-linked disialoundecaoligosaccharide, and a pharmaceutical additive.

9. A drug according to claim 7 or 8 which is a drug for

preventing and/or curing virus diseases.

10. A drug according to any one of claims 7 to 9 which is a drug for preventing and/or curing influenza virus infectious diseases.
